TABRIZ TAKEN BY RUSSIANS

Capital of Azerbaijan, Northern Persia. of 175-000 Inhabitants

TAKE MANY TEUTONS

Muscovites Recapture Trenches Occupied by Germans in Infantry Charges on Saturday Night.

Petrograd, Feb 1—Tabriz has been occupied by the Russians, it was officially announced here today. Russian troops took full possession of the city Saturday afternoon.

Tabriz is the capital of the province of Azerbaijan, Northern Persia and a city of 175,000. It had been occupied by Turks and Kurds.

Strongly re-enforced, the Germans in East Prussia are concentrating their efforts to halt the march on Koenigsberg by smashing at the Russian center west of Pilkallen. Desperate fighting is in progress in the forests of the Pilkallen region, but official dispatches today claimed further slight gains for the Czar's ninth army.

Austro-German divisions are losing heavily in their attempts to push northward through the Cappathians to the relief or Przemysl. Between the Dukla and Uszok passes a general engagement is in progress. In the Szszok region the Russians have taken many prisoners.

West of Warsaw, Russian forces have recaptured trenches occupied by the Germans in an infantry charge Friday night. German dead were found strewn along the battle front near Borzhymow.

LABOR CASES CITED

Reports Made to Commissioner that Justice Caton Would not Enforce Law.

The Richmond Times Dispatch in its issue yesterday says:

"Inspectors of the State Department of Labor yesterday reported to Commissioner of Labor Doherty the results of the prosecution in Alexandria, o a number of cases involing violations of the State Labor Laws.

"Two of these cases are of unusual interest. In the case of the Old Dominion Glass Company, Inc., the manager admitted working children as young as fourteen years of age. Certificates were presented from the parents of the children showing that they were under the legal age. The court, however, refused to accept the manager's plea of guilty or to accept as evidence the certificates signed by the parents and, greatly to the surprise of the officers of the Labor Department, continued the hearing until February 2. The company was charged with violating that section of the child labor law which prohibits children under sixteen years old from being employed at night.

"Another surprise for the prosecuting officers was the disposition made by the police justice of the case of the Robert Portner Brewing Company. Tre charge was working minors under twenty-one years old. Section 3 of the ten hour law prohibits the employing of males and females under twenty one in any place where intoxicating liquors are manufactured, bought, sold or packed for shipment.

"The manager pleaded guilty to a charge of violating this section, but, in the face of the plea, the justice dismissed the case, with a request that the boys be discharged from the employ of the brewery company."

The Gazette is not familiar with all the facts in the case, but we understand that the case against the Old Dominion Glass Co. is to be heard tomorrow. In the case of the Portner Brewery Co. Justice Caton declared that he would not impose a fine in view of the conditions at the plant at present and the promise of the management that the law would not be violated in future.

NEWS OF THE DAY

Two British ships were torpedoed yesterday in the English Channel, off Havre, by a German submarine, continuing the raid started Friday on British shipping by the sinking of three merchant vessels in the Irish Sea. The steamers Toko Maru and Icaria are the latest victims of the submarine. The Toko Maru was of 6,084 tons and carried Belgian relief supplies.

The eleven-hour and thirty-five minute speech of Senator Smoot in the Republican filibuster against the ship-purchase bill cost the United States government $225,000 in printing bills and stenographers' fees, according to the estimate of Senator Williams. Senator Williams estimates that the speeches of the Republicans in recent filibusters have cost much more than $600,000. He estimates that the speech of Senator Burton, which lasted more than 13 hours, cost about $250,000. Acording to Senator Williams, Senator Lodge's speech cost $150,000, and Senator Gallinger's $200,000.

The organization in Washington on Saturday of a nation-wide league by German-Americans and Irish-Americans to exert political influence on problems relating to the war has caused widespread comment. The calling into being of this league by representatives of German-American civic bodies and others was recognized at once as a very formidable factor in the approaching Presidential primaries in the 1916 campaign. While the avowed purpose of the league is to insure the spirit of neutrality by the United States, most of the things which it want done would operate, it is said, to the advantage of Germany in the present crisis.

A Copenhagen dispatch to the London Central News quotes a private letter from Berlin as saying that the situation in Lodz is tending rapidly toward catastrophe. Bread now is unobtainable as far as the general population is concerned.

A slight indisposition as a result of severe weather in northern France has compelled the kaiser to return to Berlin. His entry was secret and unobserved. He is suffering from chill. The emperor will consult his medical adviser concerning his throat, which has given him much trouble. Those who have heard the emperor speak lately say that his voice is scarcely audible.

Troops, with fixed bayonets, had to be called out in Rome yesterday to re-establish order at a meeting, which had been organized by senators, members of the chamber of deputies, and other prominent persons, with the purpose of forwarding a movement in favor of Italy maintaining neutrality in the war. A large number of persons, mostly republicans, who are against the maintenance of neutrality, gathered at the entrance to the hall, and, in spite of the efforts of the police, attacked the neutralists. Deputy Bruno Belmonte, leader of the neutralists, had his ears boxed and some one spat in his face.

Details of the shooting affray in which General Francisco Villa, chief of the army of the north, was wounded, reveal the fact that the bullet, inflicting the single wound he received was a stray missile, fired during a duel between two of Villa's staff officers. The bullet struck Villa near the heart, inflicting a slight flesh wound. The injury is not serious.

TURKS THREATEN ZIONISTS.

Threaten to Exterminate All Organizations in Palestine.

Cairo, Feb. 1.—Refugees from Shria continue to arrive by the United States cruiser Tennessee, which is doing humanitarian work in conveying the people, who are likely to be persecuted by the Ottomans, to Alexandria where the relief committees are striving to the utmost to alleviate their sufferings.

Refugees arriving today bring reports of peril to the Zionist movement in Palestine. They are Alddin Bey, cousin of Enver Pasha, late governor of Jaffa, and now on the staff of the Turkish army, has sworn to exterminate theZionist organizations in Palestine.

Many cases of starvation have occurred in Jaffa and Jerusalem. Many of the prominent Jews in Judea have been sent to Damascus.

GERMANS RAID THE IRISH SEA

Three Ships Torpedoed Yesterday in Vicinity of Liverpool

SOME SAVED BY SPEED

Liner With Five Hundred Passengers and One With One Hundred Succeed in Making Escape.

London, Feb. 1.—The toll taken by the German submarine U 21 in its raid Saturday afternoon in the Irish Sea in the vicinity of Liverpool still stands at three ships—the steamers Ben Cruachen, Linda Blanche and the Kilcoan, the latter a small vessel of 456 tons. The crew of the Kilcoan was landed today on the Isle of Man by a coastwise steamer.

In addition, a German submarine also has torpedoed two British steamers in the English channel near Havre—the Tokomarn and the Icaria.

The Irish Sea raider easily made her escape, and shipping interests, confident that she has returned to her base, ordered a resumption of normal traffic today.

This underwater Emden is the same vessel which last September torpedoed in the North Sea the British cruiser Pathfinder, with a loss of 246 lives and later destroyed two British steamers off Havre.

Paris, Feb. 1.—Two British vessels were torpedoed by a German submarine in addition to the Ben Cruachen and the Linda Blanche, whose sinking was reported Saturday. This was made known in the following official statement given out here by the Ministry of Marine:

"The British steamer Tokomaru has been sunk by a torpedo from a German submarine. The English vessel Icaria also was torpedoed in the same locality. In the Irish Sea the English steamers Linda Blanche and Ben Cruachen were torpedoed.

"Hitherto the Germans, before attacking a merchant vessel, always allowed the crews sufficient time to embark in the ship's boats. That custom has now been abandoned, as is shown by the bombardment of the Admiral Gantheume, which was filled with Belgian women and children refugees. The German marine has decided to violate systematically international law."

FATHER'S TERRIBLE DEED.

New Yorker Slays all But One of His Family Yesterday.

New York, Feb. 1.—Herman Auerbach, formerly a wealthy real estate operator, yesterday shot and killed all but one of his family as they slept in their home in an exclusive apartment house he once owned at 386-388 Central Park West. He then killed himself. The police believe he was driven to desperation by approaching poverty after having lived a life of luxury.

The tragedy is remarkable because of the weapon used. It was a repeating rifle loaded with 44 calibre dumdum bullets, to which was affixed a Maxim silencer. The attachment permitted the slayer-suiicde to move from bed to bed firing one death shot after another with no sound louder than the click of the weapon to warn the next victim of approaching death.

His wife, Clare; his daughter, Beatrice, eighteen, and another daughter, Daisy, 16 were killed. His 14 year old son, who slept in an adjoining room, was the only one to escape death, his father sparing him so there might be some one to notify relatives and the police.

Auerbach was 49 years old. He was the son of David Auerbach, of D. Auerbach and Company, wealthy candy manufacturers. He had been married twice, the children he killed being the offspring of his first wife, who died about ten years ago.

MACKEY RESISTS ALIBI.

Hughes Murder Case Taken From County on Habeas Corpus Proceedings in New York City.

Commonwealth's Attorney Mackey, Sheriff Barbour and Deputy Sheriff Harry Palmer went to New York last week to be present at habeas corpus proceedings in the Hughes double murder near Hume School. Counsel for Michael Volidi and Spero de Bono, the two Greeks, held there on charge of complicity in the crime had secured a writ of the New York City Supreme Court to be heard before Judge Irving Lehman. The Virginia officials had notice that an effort would be made to prove an alibi for the two men.

Mr. Mackey in preparation to resist this move took with him witnesses who saw the men in Alexandria county on the night of the murders and had ready citations of law showing that the whole proceeding was contrary to establish legal precedents.

The case came promptly to a hearing and Capt. Mackey presented decisions of the District of Columbia Supreme Court and of the United States Supreme Court that proof of an alibi is not admissible to prevent extradition. Judge Lehman held, however, that there was no such decision of the New York courts and he would hear the evidence. Mr. Mackey asked for a continuance in the De Bono case and went to trial of Volidi.

Six witnesses, including the landlady of Volidi's boarding house were introduced to show that the prisoner, Volidi, was in New York City at the time of the tragedy at the old Sisson home near Hume School. On the other hand Mrs. Vincent Carter, of Clark Station, and Conductor Loveless, of the Washington-Virginia line, under oath identified Volidi as the man they saw get off a car at Clark's station in the evening just before the murders. Judge Lehman took the evidence under advisement and will render a decision later.

If the decision should be adverse to the county's claims, the case will probably be taken to the Appellate Division of the New York City Supreme Court, and if necessary to the State Court of Appeals and finally to the United States Supreme Court. The same course may be followed by Volidi's counsel on an unfavorable result of the hearing.

The identification of De Bono is uncertain, and if further evidence against him should not develop he will probably be released.

GREAT BRITAIN NOT ALARMED

Members of Admiralty Laugh at Idea of Starving Out England

EXPECT OTHER RAIDS

Flotillas of British Destroyers Patrolling Sea off Liverpool Watching for Submarines.

London, Feb. 1.—"Von Tirpitz can't starve England out—and he knows it. His submarine raids are comparable to the efforts of a squad of sharpshooters against a whole army. His main purpose is to frighten England, and he will never succeed."

This was the statement today of a high admiralty official on the sinking of more British ships. He would not permit his name to be used. Like other naval officers, both here and at Paris, he asserted that the sensational activities of German submarines on Saturday and Sunday are features of the new policy of warfare first publicly suggested by Grand Admiral von Tirpitz, of the German navy.

The admiralty anticipates further raids and the loss of more British merchantmen. No attempt is made to conceal this belief here. Having demonstrated their wide cruising radius by sinking three British vessels in the Irish Sea and two others in the English Channel off Havre, the German under-sea craft are expected to make fresh attacks.

Flotillas of destroyers and light cruisers were patrolling the Irish Sea off Liverpool today, hoping to catch sight of a German submarine that passed the Leinster off the entrance to Dublin Bay yesterday.

Dispatches from Liverpool today said that several steamers passed out of the harbor on their regular sailings today, indicating no great alarm there. The Liverpool authorities have not availed themselves of their power of forbidding all sailings, and it is unlikely that they will do so.

WHEAT BREAD FOR SICK ONLY.

Germany Puts Strict Food Regulations Into Effect.

London, Feb. 1.—According to a dispatch from Copenhagen 20,000 men are working day and night on the fortifications at Vienna.

Germany has inaugurated a gigantic scheme of food regulation.

The German bakers henceforth, must reduce their daily output by 25 per cent. The municipality of Cologne has decided that the bakeries will be allowed to supply wheat bread to persons who are ill. If it is found that there is too much wheat in the bread distributed sales will be allowed to be made only at drug stores on the authority of doctors' prescriptions.

Several German papers say that the regulations are absolutely necessary because the situation is much more serious than the people imagine.

DOUBLE MURDER AND SUICIDE.

Jealous Lover Mortally Wounds Sweetheart; Slays Her Friend.

Toledo, Ohio, Feb. 1.—One woman was shot to death, another probably mortally wounded and the jealous assailant of both committed suicide in an apartment house here yesterday afternoon. The tragedy was the result of a lover's quarrel.

The dead: Miss Esther Williams, 25; Robert G. Smith, 37.

The dying: Mrs. Ollie Dupoy Sible 32, who conducted the apartment.

Mrs. Sible rejected the attentions of Smith, who accused Miss Williams of using her influence to turn his sweetheart agains him. Smith killed Miss Williams with the charge from a shotgun, fired a .38-calibre revolver at the woman he loved and then turned the pistol upon himself, ending his own life.

When two policemen crowded into the living room where the deed occurred they saw the dead body of Miss Williams seated in a rocking chair. Mrs. Sible, with a bullet hole in her face below the eye, was crouched on the floor moaning hysterically into the mouth piece of a telephone. In an adjoining bedroom Smith was lying on the floor dead.

GROUND HOG AND HIS SHADOW

Weather Bureau Says Rodent Will Not See Reflection Tomorrow.

The weather forecaster says snow will prevail hereabouts tomorrow (Ground Hog Day). It generally happens that the little animal faces sunshine when it emerges, when it hurries back to its hibernating quarters and remains there to sleep away six weeks more of wintry weather. This hallucination has exixsted in the world from the dawn of history. The ground hog is not watched in other countries, but skunks and other creatures are, while in some places no attention is paid to animals, but the heavens. Should the sun shine on the second of February the German farmers express disappointment, as they believe the spring will be retarded.

Snow fell Saturday night, as had been predicted by the Weather Bureau, and there were varieties of weather yesterday. Hail and rain fell at times, and by night the streets were glazed with ice, so much so that most people kept in their houses.

A thick fog hung over this city and vicinity at an early hour this morning.

The steamer Southland, from Norfolk, reached this port six hours late.

JUDGE ANDERSON'S TALK.

Inspiring Address Before Men's Meeting Yesterday.

Despite the inclement weather a number of men attended the men's meeting at the Westminster Building of the Second Presbyterian Church yesterday afternoon and heard an inspiring address by Judge J. Robert Anderson, of the Department of Justice, Washington. The speaker was introduced by the Hon. James R. Caton.

His subject was the "The Measure of a Man," and for an hour Judge Anderson held his audience in close attention. He declared that the measure of a man was not his ability, his strength, his brawn of his brain, but his soul and the measuring stick was the Bible. He said that the five "M's" of modern business were Money, Machinery, Material, Merchandise and Men. The first four were easy to secure but the latter was difficult as the world was crying for more consecrated men who were willing to do their share of the world's work.

INSPECTION POSTPONED.

Flannigan, of Richmond, has been indefinitely postponed on account of Dr. Flannigan's serious illness. Dr. Flannigan, who is well-known in this city, where he has delivered several lectures on health matters, was taken ill at Charlottesville last week and has been compelled to give up all work for the present.

TEN DAYS REMAIN FOR LEGISLATURE

Special Session Will Determine Shape of Bill This Week

TO VOTE ON TUESDAY.

Segregationists May Concede Some Amendments Sought by Advocates of Commission Plan.

Richmond, Va., Feb. 1—Exactly ten working days are left to the special session of the General Assembly in which to agree upon a plan of tax reform, to perfect the machinery of assessment and collection which is to give life to the method of a rather bulky calendar crowded with local bills of many descriptions.

This is a program which according to hardened legislators, the General Assembly will find it hard to complete in the short time that remains. Members of both houses, discussing the situation informally last night in the hotel lobbies, expressed deep concern over the general legislatve situation although each, when cornered, made the prediction that there will be no adjournment without the previous enactment of a more or less satisfactory tax reform program.

The fate of the Tax Commission and the segregation bills in the House of Delegates will be termined tomorrow afternoon. Roll call on the bills will be had not later than 1:30 o'clock on that day.

Indications point to the eventual passage of a tax measure that will be the Governor's bill, with some of the best features of the Tax Commission measure incorporated in it. It will be therefore, a compromise measure.

The spirit of compromise was manifested by obth of the contending elements in the General Assembly yesterday. It was in that spirit that both the segregationists and the Tax Commission advocates in the House voted to call a halt on what seemed an interminable debate.

Speaker Cox had a list of probably fifteen members, who had signified their desire to be accorded the floor to speak on the bills, when the leaders on the opposing sides got together before the morning session and agreed that unless something was done to check the flow of oratory and argument, the whole of the third week would be consumed before the bills reached roll call.

Atlanta Jury Acquits Lehon, Tedder and Thurman

Atlanta, Feb. 1—A verdict of not guilty was returned by a jury here late Saturday in the case of Dan S. Lehon, C. C. Tedder and Arthur Thuman, charged with subornation of perjury in connection with the Leo M. Frank case. Lehon is Southern manager for the Burns Detective Agency, Tedder formerly was employed by the agency and Thurman is a lawyer.

The trial began last Tuesday and the case went to the jury Saturday night. The verdict was returned at a special session of the court yesterday afternoon.

The defendants were accused of having procured false affidavits from the Rev. C. B. Ragsdale, formerly pastor of a church here, and R. L. Barber, in which the affiants declared they had overheard James Conley a negro tell another negro he had killeda girl in the pencil factory where the body of Mary Phagan was ofund. Ragsdale and Barber ater repudiated the affidavits. Conley is serving a year's imprisonment as accessory after the murder of the girl.

The men were tried on the indictment charging them with bribing Ragsdale.

COUNCIL AVERSE TO ACT

Both Branches Oppose Creation of Office of Civil Police Justice for Alexandria.

The Board of Aldermen and Common Council of Alexandria went on record last Saturday in a protest against the act passed at the last session of the Virginia Legislature creating the office of a civil police justice for this city. A joint meeting of the members of the two boards was held for the purpose of hearing a statement of J. F. Birrell, Delegate in the Legislature from this city and county, and in the interchange of opinion that followed the great majority of the city fathers earnestly opposed the creation of the office, preferring that present conditions exist in this city.

The joint committee on finance and general laws had reported in favor of passing Mr. Marbury's resolution calling upon the Senator from this district and the Delegate from this city and county to exert their efforts towards having Alexandria exempted from the provisions of the act, and when a vote was taken in the lower board their report was adopted as was also the resolution. The resolution was sent to the Board of Aldermen and their action was concurred in by a unanimous vote.

The clerk of the City Council will send copies of the resolution to the Senator nad Deelgate as well as to the Lieutenant Governor and Speaker of the House of Delegates.

When the joint session convened Mr. Birrell began his statement. He said, among other things, that the new law appealed to him as being practical, as under present conditions the office of magistrate generally went begging, and while laymen could handle crimnal cases, the law being plain, civil cases, with the present complex statutes, needed a man versed in law. He also said the city would gain by the change as costs would be turned into the city treasury which would more than offset the additional salary which the civil police justice and his baliff would receive.

He stated, that he would be governed by the wishes of council and endeavor to see that the law was repealed.

Mr. Summers, at this juncture, suggested that there was nothing in the act to show that the city would receive the costs in civil suits.

Mr. Birrell insited that this was provided for. He was handed the act, but being unable to find the provision he sought, he turned it over to President Howard Smith. It was shown that the fees which would be paid at the beginning of a suit would go the city, but nothing positive concerning the disposition of the costs was apparent.

Mr. Birrell, however, said this was understood, but the members who cross-questioned him were by no means convinced.

Mr. Bryan asked some practical observations to the effect that this new law only applied to Alexandria and Newport News, and that the Delegate from the latter city was now endeavoring to have the act annulled so far as it concerned the city he represented. That would leave Alexandria alone upon which to experiment. He was averse to this city being the testing point. He wanted Alexandria exempted from the provisions of the act, as had been Lynchburg, Norfolk, Roanoke, Danville, and other cities in the state. If the new law should prove satisfactory, Alexandria could ask for it at another time.

Mr. Burke—"yes; let them cut their teeth on some other place."

Mr. Brockett spoke against the new law, and gave some reasons why he thought the office of civil police justice undesirable and unnecessary.

Mr. Burke showed that the receipts from fines under present conditions had reached $3,600 a year, the present police justice receiving but $720 annually.

Mr. Bales spoke in favor of the proposed change. He believed the city would gain by it. He estimated that the magistrates of Alexandria made, collectively, four of five thousand dollars a year in fees.

Mr. Brill, while not stating positively his position, spoke on similar lines concerning the receipts of magistrates.

After further interchange, of opinion, the joint session dissolved, when a vote was taken on the resolution. It was viva voce, and the resolution was declared adopted.

The vote on the resolution in the Board of Aldermen was unanimous, and after the Common Council had adopted a resolution appropriating money to take over gas mains, service pipes, etc., in Rosemont, it was, under the law, laid over in the Aldermen and the city fathers adjourned.

TRIAL JUSTICE FINNEY TO ENTER RACE

Trial Justice of Alexandria County Will be a Candiate for Commonwealth's Attorney.

R. Gordon Finney, trial justice of Alexandria county, who has resigned his position to take effect March 1st and who will be succeeded by William C. Gloth, a well known attorney of the Alexandria county bar, will be a candidate for the office of Commonwealth Attorney of Alexandria County at the election to be held this fall.

The announcement of Mr. Finney's candidacy is made in his formal letter of resignation forwarded to Judge J. B. T. Thornton, of the Circuit Court of Alexandria county, and has caused wide spread interest in the November elections.

The office of Commonwealth Attorney is now held by Captain Crandall Mackey, who was first elected to the position twelve years ago and who has remained in office despite bitter opposition at each election. It has been known for some time that Captain Mackey is not inclined to be a candidate for re-election but no announcement to this effect has been made. Other candidates who have been mentioned are Charles T. Jesse, Frank L. Ball and Claude O. Thomas.

Justice Gloth, who is to succeed Justice Finney is well known in this city. He was born at Erie, Pa., 28 years ago and is accordingly one of the youngest judges in the State. He was educated in the public schools and took a scientific course at the University of Pennsylvania. About the time he reached his majority he went to Charlottesville and took up the study of law at the University of Virginia. Besides being recognized as a wide-awake student of his profession he at once came to the front as an athlete, and in 1908 when he received his degree in law he was captain of the University football team.

After graduation he was for fifteen months associated with Judge R. T. W. Duke, at Charlottesville, in the practice of his profession. He then came to Alexandria Court House where he at once became associated with R. C. L. Moncure. After about two years he separated from Mr. Moncure and established an office by himself. About the same time he was married to Miss Marjorie Schneider of Arlington, this county, daughter of Mrs. Delia Schneider, owner of a large tract of land at Arlington and widow of the president of the American Bridge Company, Philaphia. Mr. Gloth has been engaged in much of the public and legal business at the Court House and has been generally recognized as a live successful lawyer.

COUNCIL WANTS CITY EXEMPTED

The action of the City Council last Saturday night in passing a resolution asking the Senator from this district and Delegate representing this city and county in the Legislature use their influence toward having Alexandria exempted from the provisions of the act passed at the last session providing civil police justices for cities having over ten thousand inhabitants seems to meet the wishes of a large majority of their constituents. The two boards met in joint session to hear Delegate J. Fred Birrell's statement concerning the measure, and while Mr. Birrell thought the new law would increase the receipts from the Police Court, but two or three members of either body could see the matter in the same light. Mr. Birrell supposed the costs from civil suits which are now collected by magistrates would go into the city treasury, but this was by no means plain to members of the two boards, as it was not so nominated in the bond.

It was stated during the interchange of opinion that the magistrates of Alexandria collected between four and five thousand dollars in fees and costs yearly. Without having made an inventory, it seems that this must be a mistake. While a lawyer who unites with his profession the office of magistrate manages to derive a satisfactory income. it is hard to understand how those dependent upon chance cases can eke out a living from such a position.

There was a time when considerable miscellaneous business was transacted by magistrates, but never enough to make the office one to be diligently sought. There are at present many notaries public—some female—and banks and other institutions requiring the service of such officials have them in their employ.

Mr. Birrell, while he spoke in favor of the act, assured the members of Council that should they pass resolution asking that Alexandria be exempted, he would do all he could to have the wishes of the city's representatives complied with.

We have been unable to ascertain the present standing of the act introduced by Delegate Millstead, of Newport News, to have that city exempted. It is said that it is in committee. If that is a fact, there is a liability of it being allowed to sleep the sleep of death, if strenous efforts are not made to get it before the Legislature during the next few days.

While the Legisature at this special session may not desire to be hampered by private business, it would seem strange if the bodies turned a deaf ear to the resolution of the City Council of any city in the commonwealth. We prefer to believe they will not if immediate steps are taken by Alexandria's Senator and Delegate.

COMPENSATION OF ASSESSORS.

"Rambler" in the Alexandria County Monitor says:

"I was somewhat astonished to learn the other day that the city of Alexandria allows its assessors $2. per day as a salary. Of all the archaic, obsolete, ridiculous conditions this salary limit is in a class by itself. Two dollars a day, to experts, to assess millions of dollars' worth of property. Aside from this absurd per diem figure the assessors will undoubtedly be censured by some disgruntled property holders, and about all they will get out of their labors will be abuse and villification.

"It is said that the assessor for Alexandria county is to receive $5 per day for his labor.

"It is a mystery to me that those responsible for such a condition of affairs are not afraid to go to sleep at night.

"If a man isn't entitled to at least $10 a day for this work he isn't entitled to a penny. And he wouldn't be making a fortune even at that figure. No wonder the state of Virginia is behind the times. And I suppose this condition of affairs will continue as long as we send pine rooters and back woods farmers to the legislature.

"And no matter how intelligently earnestly and energetically these assessors perform their duties, some one at the proper time will engage a lawyer to reverse his work and receive more money in one fee than the assessor will receive for several months labor.

"And to think that there should have been a scramble for the job in Alexandria county!"

While there may have been a scramble for the job in Alexandria county, this certainly does not apply to the assessors for this city. They were selected and tendered their positions, after careful consideration by Judge Barley, who considered them men well qualified to assess for the State the property in this city. The appointment came to these gentlemen unsolicited, and they considered it their duty to accept the responsibility, regardless of the question of small compensation allowed by the State. We heartily agree with "Rambler's " viewpoint as expressed in the above, and consider the small compensation allowed assessors inadequate. It is certainly the case in this city, where 60 per cent less is paid than in the county. This is not commensurate with the services performed. The per diem allowed by the State is the same throughout the Commonwealth but it appears that the assessors in some of the cities and counties are allowed additional compensation by the City Councils and Boards of Supervisors, respectively, which accounts for the small compensation paid the Alexandria assessors as compared with those whose salaries have been supplemented.

City Council has the power to supplement these salaries if it so desires and it isour opinion that this should be done.

WANTS ARMY OF WORKERS

Socialist Orator Says Thirty-Two Million Could be Raised.

"I guarantee that if you give me command of the entire army of the United States for five years I'll give the country meat at 7 cents a pound. railroad fares of 1 cent a mile and trans-Atlantic steamboat fares of $30 for first cabin. The people of the United States will not be taxed at all. I will not ask money from Congress but I will hand over $1,000,000 a year to help run the government."

These are promises made by Capt. W. E. P. French. U. S. A., retired in an address on "Constructive Militarism"in Washington last night.

"Why can't all of the Industrial workers be enlisted, raising our army to 32,000,000 men and women, not only fighters, but workers? If I had command of the army I would drill my troops one hour a day and work them six. In that way I could revolutionize the country. Our cattle would be raised by soldiers. our meat would be inspected by men of the army trained to the work, our shipping facilities would be directed by men under military control, and we would live under a vast efficient machine.

SENTENCE COMMUTED.

Governor Henry C. Stuart, of Virginia, has commuted the sentence of Robert D. Kenyon, who was convicted in the Corporation Court a month ago of bigamy, to one year in the state penitentiary. Kenyon, who married in Washington several years ago and again in Alexandria, six months ago, was sentenced to three years in the penitentiary by Judge Barley, the minimum sentence imposed by law. Captain Lamb, assitant superintendent of the state penitentiary at Richmond, came here today and took the prisoner back to Richmond with him..

OPPOSE "BILLY" SUNDAY.

Pastor of Richmond Church Voices Opinion of Other Ministers.

Richmond, Feb. 1.—Voicing an opinion which, he said, was shared by many other people in Richmond, Rev. H. D. C. Maclachlan, D. D., pastor of the Seventh Street Christian Church, last night set himself in stern opposition to bringing Billy Sunday, the famous evangelist, to Richmond. However sincere Sunday may be in his methods, Dr. Maclachlan does not believe that those methods are followed by permanent and beenficial results, and he said that it is a well know nfact that the hardest people to win to the church are those who have once passed through a severe emotional crisis without becoming Christians. In short, Dr. Maclachlan is against that method which jockeys people into the church or withholds them with a joke from the jaws of hell.

The church was filled from gallery to pit with one of the largest congregations which has ever sat at Dr. Maclachlan's feet. Representatives from the General Assembly, members of both branches of the City Council and city officials were present in force, and after the services many went forward to express agreement with the minister's opinion of Sunday and his methods, and to congratulate him upon the force and effectiveness with which he gave it voice.

TWO MEN SHOT BY YOUTH

Were Caught in Act of Robbing Bugeye in Norfolk Harbor.

Norfolk, Feb. 1—Two men, discovered in the act of robbing the cabin of the bugeye Herman Ellis on the Atlantic City flats a few nights ago were shot by a fifteen year old boy and fell overboard. A third man in a rowboat, supposed to have been used by the would be robbers, paddled off and escaped.

The bugeye was anchored on the flats early that night and Captain John V. Evans, master of the little vessel, went to his home at 221 Franklin Avenue to spend the night. He left his fifteen year old brother Guy Evans, and Tyler Britton, colored in charge. Young Evans came downtown to a moving picture show. When he returned about 9.30 o'clock he saw two white men standing on the deck of the Ellis and a third in a rowboat nearby. Evans ran into the cabin of the vessel secured a pistol with three chambers loaded and came back on deck. He fired one shot and one of the men fell overobard. The second missed fire, but the other shot apparently hit the other man, for he, too, fell into the water.

When the cabin was searched it was found a tin box containing valuable papers had been stolen, also a set of tools. The bedding was piled in the cabin ready for removal.
